## Constructing Excellence Awards Entry Form

---

### Category Description

The Environmental, Social, and Governance (ESG) Award aims to celebrate social, economic and environmental sustainability. We are looking for organisations or projects that demonstrate the greatest environmental and social impact or approach to generating such. Applicants must also exemplify effective governance structures and practices.

Judges are looking for organisations, projects or initiatives that demonstrate:

- Impact on environmental factors: commitment to tackling climate change, greenhouse gas emissions, pollution, waste management, and natural resource conservation.
- Impact on social factors: Positive impact on society such as labour practices, human rights, community relations, customer satisfaction, and product safety.
- Impact on governance factors: effective management structure, board diversity, executive compensation, shareholder rights, and business ethics.
- Overall sustainability and ethical impact through ESG ratings and metrics.
- ESG investment: procuring or investing in organisations that meet ESG criteria, with the aim of generating financial returns while also having a positive impact on society and the environment.
- ESG reporting: ESG performance and sustainability practices, to meet regulatory requirements.
