Herts & Beds CE Club

- **Constructing Excellence** is a platform for industry improvement to deliver excellence through clients, industry and users through collaborative working.
- **Constructing Excellence** is a platform from which to stimulate, debate and drive much needed change in the Construction sector.
- Members from the entire supply chain share a vision for change through innovation and collaboration.

**CONSTRUCTING
EXCELLENCE**
Regional Partnership

- The **Constructing Excellence Regional Partnership** of centres around the UK is a vital part of the Constructing Excellence movement, providing regionally-focused events and support – and the **Constructing Excellence Awards Programme**
- **Constructing Excellence in the East of England**

What Is It?

- **Constructing Excellence East of England** covers Bedfordshire, Cambridgeshire, Essex, Hertfordshire, Norfolk and Suffolk.
- **East of England** is a diverse region with a strong construction supply chain and broad academic and research base with core capacity in the built environment.

East of England Clubs

- Cambridge/Oxford Corridor CE Club
- Essex CE Club
- **Herts & Beds CE Club**
- Norfolk CE Club

- A CE Club is a forum for individuals and companies to learn about the principles of best practice, while creating a culture of continuous improvement.
- The **Herts & Beds CE Club** offers the opportunity to meet informally and network with other construction consultants, contractors, suppliers and clients on all levels to learn from each other and ultimately improve business.
- This local Club is voluntarily run for the benefit of its members. We hold at least 4 events a year, as well as taking part in the annual Constructing Excellence Awards.
